- 5.1. You agree to pay for the Services that you select. The fees may include setup fees, monthly fees, quarterly fees, annual fees, usage fees, web traffic fees, late fees, and other fees.
- 5.2. Applicable setup fees and the fees due for your first service term (first month, first quarter, or first year, etc.) are both due on your initial Services start date. Aplus.net may change the pricing for new Services at any time and for existing services at the beginning of any new billing period.
- 5.3. Dial-up customers will be billed for toll-free and local number access in one minute increments at a rate of \$0.10 per minute. Also, dial-up customers may also incur charges for services provide by third parties (such as hotel usage charges).

In addition, your equipment, domains, web content, or other assets may be retained by Aplus.net as collateral for unpaid charges and penalties until such charges and penalties are paid in full.

- 5.9. You will be liable for all unfunded term commitments on your account. For example, if you signed up for one (1) year of service and cancel your account (or your account is terminated) after five (5) months, the unpaid fees for the remainder of your term commitment will automatically accelerate and you will immediately become liable for all unpaid charges on your account.
- 5.10. Charges for bundled Services will be "unbundled" if a portion of the bundle of Services is terminated. For example, if you received a free domain name registration when you initiated web hosting and you terminate your web hosting Services before the end of your initial term, you will be charged at that time for the previously bundled domain name registration.
- 5.11. You understand and agree that you are responsible for any network bandwidth, memory over usage, or other overage charges you incur for using the Services, even if such overages arise due to your failure to protect your password or account privacy.
